HELPING YOU HEAR MORE OUT OF LIFE!!!

SIGNS OF HEARING LOSS:

If you answer YES to any of these questions, you should have your hearing tested.

- Do you think other people mumble or speak too softly?
- Do you hear better with one ear than the other?
- Do friends and family tell you that they have to repeat things for you.
- Do you have difficulty hearing when you are with a large group of people?
- Do people complain that you turn up the T.V. too loudly?
- Have you ever said, "I can hear you; I just didn't understand what you said"?
- Do you avoid certain activities because it is too difficult to hear?

Many Hearing Problems Can Be Helped.
Consult Your Hearing Health Professional
