### Seeking Highly Motivated Students who Want to Pursue Their Interests and Passions

**Are you interested in a high-quality academic education combined with a meaningful career pathway that provides each student a laptop to enhance learning?** Do you want the opportunity to earn college credit and/or industry certifications?

**The Visual/Studio Arts Pathway** allows students to investigate careers in creative industries as they study the elements and principles of design. Students engage in activities that focus on advanced drawing and design skills as well as idea development techniques. All projects are aimed at creating an individualized portfolio for each student that highlights both the breadth and depth of their knowledge.

**Students in this pathway** learn how to combine the technical skills they learn with visual problem solving techniques in order to create unique and personalized imagery. Students explore artists throughout history while interacting with leading professionals in the creative industry. They also learn essential skills in writing and speaking about art.
